

Online Giving is Here!

We have partnered with Vanco Payment Solutions to accept online or e-giving Stewardship donations. When you go to our web page you will see a green button right under the icon of St. Christopher which says Online Giving.

You will follow the steps to:

- Create a Profile
- Set up an online donation - 1 time donation, weekly, monthly, etc.
- Set a start date
- Set an end date (optional)
- Input your credit card, debit card, checking account or savings account information
- Print a receipt for your records
- Track your transactions

Once you create a profile you will receive an email with the confirmation that you created a profile. When you make a donation you will also receive an email with details of the transaction.

This is a secure, convenient and easy way for you to give, no more writing a monthly check, no more having to present your credit or debit card. You can do this any time anywhere 24/7.
